

Herts Badminton Association Coaching Co-ordinator's Report 2025 - 2026

It has been a rather quiet year. We ran a foundation coaching course in February. There were twenty five candidates, eight from Hertfordshire. I attended the first day to acquaint the candidates with the support I and HBA were able to offer to the locals and direct the out of county candidates to their county associations.

This year Badminton England are taking the club and coach conference on the road and they will be at Herts Sports Village on 27 June. They will be delivering three workshops covering:-

- Fixing common technical faults in club and intermediate players
- Developing racquet feeding skills
- Coaching doubles at club level

The cost to coach members was £20.

I found a coach for one player who wanted to improve her game but am still trying to find coaches in Watford, Harpenden and St Albans. Details are on the Herts Badminton Coaches Facebook page. I have also been adding items I think will be of interest to our coaches on this page.
